### Why this form is important:

Our office focuses on your child's ability to be healthy. Our goals are to first address the issues that brought you and your child to this office, and second, offer the opportunity to improve your child's health potential in the future. Life activities include events that cause damage. This damage builds layer upon layer even to levels at which you may **not yet be aware**.

Research is showing that many of the health challenges that occur later in life have their origins during the developing years, some starting at or before birth. We need to know what your child's layers of damage contain, so we ask you to carefully and completely fill out this detailed and important form.

### Labour and Delivery

Prior surgery?  Yes  No Please list: \_\_\_\_\_

Onset of first menstrual period: \_\_\_\_\_

Is your child vaccinated or have you chosen not to vaccinate? If you child has been vaccinated, please list any reactions: \_\_\_\_\_

**Childhood Diseases:** Has your child had any of the following illnesses? (please indicate age if applicable)

- Measles (Rubeola) \_\_\_\_\_
- Pertussis (Whooping Cough) \_\_\_\_\_
- Mumps \_\_\_\_\_
- Chicken pox \_\_\_\_\_
- Rubella (German Measles) \_\_\_\_\_
- Other \_\_\_\_\_

**Other Health Concerns:**

**Important Note:**

Chiropractic has helped children with many health problems like asthma, allergies, bed-wetting (nocturnal enuresis), colic, ear infections (acute and chronic), headaches, scoliosis, etc. Chiropractic care has also been shown to help prevent these and other illnesses from occurring and ensure children have a healthier life. To optimally prevent these, a child should have a chiropractic spinal exam as soon as they are born. Therefore it is important to get your other children's spines checked if they have not been checked.

I hereby authorize the Doctor to examine and treat my condition as he deems appropriate through the use of Chiropractic Health Care, and I give authority for these procedures to be performed. I have been informed of the Clinic's financial policy and agree that I am responsible for all bills incurred at this office
